

I do NOT want you to allow LPFM stations to take priority over current FM translator services such as K-Love 90.7! The K-Love service is extremely valuable to our community! This is obvious when you look at the number of people who send money to keep it on the air and the amount of money they send! K-Love has the BEST programming of any station I have ever listened to; it always has a positive message and it is always encouraging to those who listen. It helps to lift the spirits of those who are depressed and feel as though they are at the end of their rope and possible ready to commit a crime. It is the ONLY station that is safe for all ages to listen to at any time of the day without worry of what kind of language will be used or what kind of things will be implied as acceptable behavior by the DJs. I think it is horrible that you are even considering this! I also think it is horrible that this kind of a decision has not been put to the public for consideration instead of being decided behind closed doors. When you have thousands of people that send money every month to keep a service like this one alive, it shows you how very much it means to us! PLEASE don't take away our K-Love!!!!!!!!!!!!!!
